Thanks Pat.

For issues that we have no jurisdiction over, I would opt to provide the link for the BOEM NEPA documents as well as Mary Boatman's contact info to CPW. We will not comb through the documents to find the answers either, in case we miss something.

Hi Suilin,

All BOEM NEPA documents can be found here: <https://www.boem.gov/renewable-energy/state-activities/south-fork>

I have not combed through it for specific reference to the issues raised in the Wainscott letter. But, I recommend you reach out to Mary Boatman at BOEM. She is the one that told me BOEM responded to many of these issues through the NEPA process. I've pasted Mary's contact info below:

Hi everyone,

I wanted to update the group that the due date for the Wainscott letter response is Feb. 22. We have a meeting scheduled on Feb. 14th to discuss our draft response. I assume we should aim to finalize by 2/18 to allow time for routing, final concurrence, and signature. The link to the blank document is included below.

Suilin – please let us know if this timeline needs to be adjusted.

Subject: Wainscott Letter - Draft Response Document

Hi everyone,

As we discussed, sharing a link to a draft document for collaboration on the response to the Wainscott letter. Given the goal of a draft response by mid-February, I'm going to set a target of February 10 for a preliminary draft and will schedule a follow-up call to discuss progress / next steps.

Suilin – please keep us posted on the extension deadline.
